EBOMFS ASSESSMENT

European Board of Oro-Maxillo-Facial Surgery (EBOMFS)

INSTRUCTIONS FOR APPLICATION

Please, complete the enclosed standard curriculum vitae.

Please, attach a copy of all required documents and a recent I.D. photo.

Please, complete the logbook (using enclosed sheet, photocopy as necessary) according to the list enclosed. Each page of the logbook must be signed by the chief of the department or medical director of the clinic. In case of doubt contact your national EBOMFS - representative.

Please, prepare 1 copy of all documents required to be sent either to the secretary's office in Helsinki or to President of the Scientific Committee, prof. Joseph Schoenaers. Both electronic and written documentation is accepted.

Secretary General: Dr Risto Kontio
Kasarminkatu 11-13, 00029 HUS,
Helsinki, Finland
risto.kontio@medius.fi
risto.kontio@hus.fi

The fee for the assessment will be EURO 450,-. The document of the payment must arrive together with other documents. The sum must include the required amount of EURO 450,- plus all bank transfer charges and must indicate candidates name in block letters.

Treasurer of EBOMFS: EBOMFS - Dr B.KOVACS
Banque DEXIA, Agence Barriere
Chaussee de Waterloo 216, B-1060 Brussels;
BIC : GKCCBEBB, IBAN : BE77 0682 3022 1342

Deadline for application for the Assessment will be the 15th of June 2010.

European Board of Oro-Maxillo-Facial Surgery (EBOMFS)

Regulations Relating to the EBOMFS - Assessment

1. Only candidates who have been shown after review of their C.V. to be recognised Specialists in Oral and Maxillofacial Surgery, and who have been recognised for more than 2 years (at the time of Assessment), can enter the Assessment.
2. The Assessment shall be in two parts, I/ an Assessment both of the Curriculum Vitae (CV) and the candidate's records of the operations he has performed personally since completion of his recognition and II/ Multiple Choice Question Exam (MCQ) followed by an Oral Assessment.
3. Assessment for the C.V./Logbook (standard form) will be made by the scientific committee in conjunction with the executive committee of EBOMFS at least 3 months prior to the date of MCQ & Oral Assessment. The Assessment will be made under the following broad headings:
 - A. Academic activity
 - a1) Academic or second University thesis or research degree
 - a2) Publications in recognised journals
 - a3) Presentations at national or international meetings
 - a4) Attendance at conferences and courses recognised for CME.
 - B. Clinical activity
 - b1) Major category
 - b2) Intermediate category
 - b3) minor category

The Assessment will be balanced to allow non academic surgeons to pass without academically important criteria and vice versa. Thus the clinical activity will have a maximum of 25 marks and the academic criteria of 25 marks, altogether 50 marks. Only those candidates who score at least 36 marks may continue with the MCQ and Oral Assessment.

4. The MCQ Exam will be conducted **before** the Oral Assessment. The assessment of MCQ will be proportional, i.e. the final points given are in relation to correct answers. If a candidate does not take part in the MCQ Exam, he / she cannot continue the Oral Assessment.
5. The total marks is 100. The MCQ shall be worth a maximum of 20 marks. The Oral Assessment shall be worth a maximum of 30 points.

To pass the CV / logbook the minimum marks are 36, the minimum to pass MCQ & Oral Assessment the minimum marks are 36.
6. The Oral Assessment which will be by interview only, will last 1 hour.
7. There will be three examiners for each candidate. The President of the team should be from the same country as the candidate. Both of the examiners should be from other countries.
8. The examiners will ask questions using one of the following languages: English French, German, Spanish. The pool of questions is approved by the scientific committee of EBOMFS.
9. Candidates must bring three of their cases, at least one of which the examiners shall discuss. It is up to the examiners to choose one case out of the three cases the candidate has prepared for the Assessment. If a candidate has not prepared case reports for the oral part he can not continue the Assessment. The duration of presenting the case report is limited to 15 minutes incl. discussion.

EBOMFS ASSESSMENT

10. Each examiner will grade the candidate on a 10 mark scale. The sum of each mark will be the final score.

Academic Criteria:

Recognized for scoring are the following academic criteria:

- Higher university postgraduate degrees, Doctorate Diplomas (written on a thesis) or Ph.D.
- Publications (score 1 point, if the candidate is first author. All other publications score 1/2 point. Only papers which are published in international or national journals can be recognized. For documentation the candidate has to submit the first page of the publication only.
- Presentations
- CME

The marks will be awarded as follows:

1. Possession of a higher University degree (Ph.D., M.sc. etc.)	8 marks
2. Publications (each paper 1 or 0.5 marks to max. of 8)	8 marks
3. Presentations (same scale as 2)	8 marks
4 CME (each conference or course 0.5 marks)	6 marks
Total marks for academic activity:	30 marks
Final marks	max. 25 marks

Clinical Activity:

This will be an Assessment of operations performed by the candidate since specialist recognition and assesses *major*, *intermediate* and *minor* operations. The classification of operations into *major* and *intermediate* is enclosed, and the logbook must document the operations by these criteria. For the documentation of the *minor* operations, a summary sheet signed by the head of the department, is required. It is anticipated candidates occasionally will need to seek advice as to which certain uncommon operations should be classified. The Scientific Committee of EBOMFS will provide this information.

Each operation is to be registered only once - even if multiple procedures are involved.

The marks will be provided as follows:

1. 48 or more <i>major</i> operations will earn: (each operation is worth 0.25 marks up to 48 marks)	12 marks
2. 72 or more <i>intermediate</i> operations will earn: (6 operations are worth 1 mark)	12 marks
3. 600 or more <i>minor</i> operations will earn:	6 marks
Total marks for clinical activity:	30 marks
Final marks	max. 25 marks

The candidate eligible for fellowship has to pass both parts of the assessment.

A) Curriculum vitae / logbook (Academic plus Clinical Activity)

carries a total tariff of 60 marks.

PASS MARK 36 marks.

B) MCQ & Oral Assessment carries a total tariff of 40 marks

PASS MARK 36 marks.

To pass the Board - Assessment the candidate requires at least

72 marks.
